Notes

Produced in their cellars in Avize, the Petit Lebrun Champagnes are a fresh, vibrant, and classic expression of Blanc de Blancs.

About

Richard and Véronique Petit farm just over 4 hectares of grand cru chardonnay vines in Avize, Oiry, Chouilly, Oger, and Cramant. In the vineyard, they do not use herbicides, and all the treatments that they use on the field are products that are approved by Haute Valeur Environnementale, and all products that are used during vinification are approved by Agriculture Durable & Bio.
