Au Mouiller 2020

Nicolas Jacob

Variety

100% Trousseau

Vineyard

Half of the grapes are sourced from the Mouiller parcel planted on oxfordians and meridian limestone soils. The other half comes from the parcel Chazaux.

Viticulture

Biodynamic farming on the vines. No synthetic pesticides. Vine maintenance using herbal infusions and essential oils. Treatment of soil with horn manure. Light tilling by tractor (less than 10cm deep)

Vinification

After harvest, the grapes are only racked once right after pressing, and macerate for 15 days in whole cluster.

The wine is then aged in in one 500L demi-muids and one 228L Burgundian barrel.

The wine is bottled unfiltered and with no added SO2.
