

Tâcherons

; The name Tâcherons for these cuvées comes from an old Burgundian tradition. It consists in paying womens and mens working in the vines per each act, locally called 'pieceworkers'. The Tâcherons are simple vine workers who performs the most meticulous tasks in the vines throughout the year.

Plowing with the Hirondelle plow, Pruning, Powdering ... without the regularity and precision of their work we could not produce good wine.

Our wines are the testimonies of the passion of the Vinegrowers, their Terroir and their ancestral History.

Variety: Pinot Noir 100%

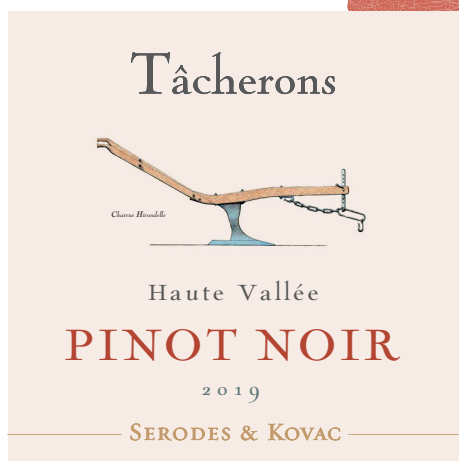

Soil: The Limoux area is the best Terroir for growing Pinot Noir in the South of France.

Due to its altitude, near 350 meter high, and the cooler temperatures which provides a long and complete maturation of the grapes, this clay and limestone soil is a paradise for Pinot Noir !

Vinification: The grapes are put in the vats by gravity. The caps is carefully punched everyday that helps to work out colour and aromas. The temperature is controlled within 25°C.. Aging is conducted until February for 80% in stainless vat and 20 % in barrels.

Tasting Notes: Expressive nose of black cherry and spices. Beautiful attack, the wine is ample, long and fruity with a very nice balance between oak hints and fruits aromas. The finish is fresh, fruity and delicate touch of cherry stones notes.

Perfect on its own with charcuteries, grilled fish , grilled meat such as lamb and roasted duck..

Tâcherons

Le Tâcheron est un simple ouvrier viticole qui effectue les travaux généralement les plus ingrats dans les vignes tout au long de l'année; Labours à la charrue Hironnelle, Tuillages, Poudrages ... sans la régularité et la précision de leur travail nous ne saurions élaborer de bons vins. C'est pour témoigner de ces gestes ancestraux que sont nées nos cuvées, témoignages de la passion des Vignerons et de leur Terroir.
